NOTES

USSR: The Soviet Union is continuing developmental work on the Scamp mobile IRBM system. Photographs of Scamps in the Moscow May Day parade show a new tracked transporter similar to the one used with the Scrooge parade missile.

*Israel-Syria-Jordan: The Israelis continue to threaten retaliation against Syria for recent Syrian-supported terrorist incidents. Prime Minister Eshkol has stated publicly that "if there is no other way out" Israel will have to take "appropriate means" to punish the Syrians for these acts. Israeli plans for an Independence Day military parade in Jerusalem on 15 May have raised the possibility of an incident there resulting from the Jordanian belief that the Israelis are bringing heavy weapons into the divided city in violation of the 1949 armistice agreement.
